CLERK: Mr. President, Government, Military and Veterans Affairs request permission to change their hearing room from 2102 to 1019 on Friday, January 23rd at 1:30 p.m. for the purpose of hearing their bills. Signed Senator Rasmussen. Mr. President, some new bills. LB 919 introduced by Senator Warner. Read title. See page 301 and 302, Journal. LB 920 introduced by Senator Kime. Read title. That is all, Mr. President, at this time.

PRESIDENT: Are there any other bills ready for introduction at this time? Senator Burbach.

SENATOR BURBACH: Mr. President and members of the Legislature, about a half hour ago our bill drafter called me and said that they were getting along very nicely and very fine until their machine broke down which lasted about 20 minutes. He said and he informed me at that time that he thought he would have all the bills available and up here at 4:45 p.m. I see that there are some bills floating around and I would urge anyone who has a bill to consume the time while we are waiting, and I think there are about 25 bills, and it will take sometime for the introducer to sign them. But while I am also on my feet, I have given authority to the County Commissioner's organization. They have a newsletter which is mailed to all of you, and of course, they are trying to save some of their dollars with 13¢ postage, and so forth. They have asked me permission to put them in our little post box here and I have agreed to this. I just want to alert you. I am not signing them, as such. I am making the request on this floor that they be placed in our boxes and not on our desks.

CLERK: Mr. President, Senator Clark asks unanimous consent to withdraw LB 870. Considering the silence of the last request, Mr. President, I will read in some bills. LB 923 introduced by Senator Schmit. Read title. See page 302, Journal. LB 924 introduced by Senator Schmit. Read title. See page 303, Journal. LB 925 introduced by Senator Schmit. Read title.
